Mrs Matharu

Dear Parents and Carers,

The last half term has been extremely busy at school with a return to some sort of normality. We bid a sad farewell to our year 11 and year 13's, who have endured uncertainty and change with regards to their examinations. We thank them for the contribution they have made to our school and wish them all the best for the future.

COVID

We will be amending our risk assessment to reflect some changes that we are planning to make.

The main change will be that all students will return to the main canteen after half term. At present we have Key Stage 3 canteen and Key Stage 4/5 canteen. We have reviewed the space in the dining rooms and looked at the timings of break and lunch and feel that as a result of year 11 and 13 leaving we can accommodate all students in one area if we operate with staggered timings.

Mask wearing is no longer required for students at school; however students are welcome to continue to wear them.

Students need to continue to test at home for the foreseeable future. As you will have seen from previous communications the school is participating in a study which is researching how COVID affects schools and whether testing could be used to prevent students self-isolating. We are in the control group which means we will still be sending students home. For more details of the research project please contact Jane Karaolis.

If your child returns a positive test result between 29/05/21 and 31/05/21 please contact the school as we will need to inform others that they will need to self-isolate. The email address to contact is: helen.gilligan@ewsacademy.org.uk

CONTINUED OVERLEAF

Induction

We are at present planning to go ahead with onsite induction days for year 6 into 7 on Tuesday 6th and Wednesday 7th July and year 12 into 13 on Tuesday 29th and Wednesday 30th June. This again is all subject to COVID rules.

Summer School

We are planning to operate a week long summer school for year 6 into 7 students. This will commence the week beginning 28th July. Further details will be sent to year 6 parents in due course.

Teacher Assessed Grades

We would like to say well done to all students taking examination courses who have sat their assessments over the course of this term; we have been impressed by the effort you have put in for these. Staff are working hard to mark and moderate the final assessments and the school will submit grades to the exam boards in mid-June. Please note the results days have been brought forward this year and will be on:

Year 13 – Tuesday 10th August

Year 11/10 – Thursday 12th August

Term 6 Assessments

All non-examined year groups will have end of year assessments next term in each of their subjects. These will not necessarily take place when they are currently calendared to do so as some year groups have missed their week due to Covid. More details will be sent out at the start of next term to each year group giving details as to when these will take place.

News from the Ethos Team and the Music Department

CROSS ACADEMY SONG PROJECT

6 ACADEMIES
30 YOUNG VOICES
1 CHARITY SINGLE

ALL FUNDS RAISED TO SUPPORT
NHS CHARITIES TOGETHER

From 18th May 2021 to the 30th April 2021, 5 students from the north site and 5 students from the south site took part in the Grace Foundation Cross Academy Song Project. The purpose of the song project has been to put together a charity single and a virtual choir style music video to raise funds and awareness for the NHS Charities Together during the difficult time caused by the Corona Virus.

The song selected for this project is called 'Together' by 'For King and Country.' This song was chosen because of the hope it speaks of in difficult times.

We want to say a massive thank you to Amelia Avery, Charlie Burgess, Elizabeth Wain, Emilia Swain, Michael Huish, Ella Tustain, Emily Baker, Harry Farbon, Max Goram and Regan Haverley for all their commitment, dedication, hard work and fantastic singing. You have been a joy to work with!

The charity single is due to be launched on the week commencing 21st June 2021. Funds raised will make a positive difference for those working on the front line of the NHS.

Y9 Building healthy relationships day

On Tuesday 8th June (south site) and Wednesday 9th June (North site) students in Year 9 will be taking part in a "Building Healthy Relationships" Day. Through this day students will be taking part in a variety of lessons and workshops as part of their Relationships, Sex and Health Education (RSE) and Personal, Social, Health Education (PSHE). Our aim for the day is to support students in developing their self-esteem and ability to make intelligent, informed choices based on their values so they can build happy, healthy, and safe relationships.

The aim of the day is:

- Students will explore their own attitudes and values to sex & relationships in a safe learning environment
- Students will learn how to recognise the characteristics and positive aspects of healthy one-to-one intimate relationships, which include mutual respect, choices, loyalty, trust, shared interests and outlook, sex and friendship
- Students will consider the meaning of love & find out their primary "love language"
- Students will consider the impact of teen pregnancy and parenthood
- Students will learn about online risks from social media, "sexting" and cyberbullying

Specialist educators will include "Riverside Performing Arts", "Straight Talking" and the Grace Foundation "Building Healthy Relationships" team. All sessions will be interactive, video-narrated digital sessions, facilitated in the classroom by school staff to ensure a covid-secure environment. Further information can be found here:

<http://www.riverside-performingarts.org.uk/project/its-complicated/>

Please contact us to arrange a meeting if you would like to withdraw your son/daughter from participating in any Sex Education sessions on this day. We would be happy to answer any questions you might have about our "Building Healthy Relationships" programme, so please do not hesitate to contact Rebecca Griffin on rebecca.griffin@ewsacademy.org.uk.

Y10

Building healthy relationships day

On Tuesday 15th June (south site) and Wednesday 16th June (North site) students in Year 10 will be taking part in a "Building Healthy Relationships" Day. Through this day students will be taking part in a variety of lessons and workshops as part of their Relationships, Sex and Health Education (RSE) and Personal, Social, Health Education (PSHE). Our aim for the day is to support students in developing their self-esteem and ability to make intelligent, informed choices based on their values so they can build happy, healthy, and safe relationships. The aim of the day is that students will:

- Students will explore their own attitudes and values to sex & relationships in a safe learning environment.
- Students will learn the difference between healthy and unhealthy relationships, they will have a greater awareness of teen partner abuse & domestic violence.
- Students will learn about the risks & negative impact of pornography.
- Students will learn about the importance of consent & communication.
- Students will learn how to recognise the characteristics and positive aspects of healthy one-to-one intimate relationships, which include mutual respect, consent, loyalty, trust, shared interests and outlook, sex and friendship.
- Students will consider the meaning of love & find out their primary "love language"
- Students will learn about contraception and STIs
- Students will learn about online risks from social media, "sexting" and cyberbullying

Specialist educators will include "Loudmouth Theatre", "Naked Truth" educators, and the Grace Foundation's "Building Healthy Relationships" team. All sessions will be interactive, video-narrated digital sessions, facilitated in the classroom by school staff to ensure a covid-secure environment. Further information can be found here: <http://loudmouth.co.uk/programmes/safe-and-sound/>

Please contact us to arrange a meeting if you would like to withdraw your son/daughter from participating in any Sex Education sessions on this day. We would be happy to answer any questions you might have about our "Building Healthy Relationships" programme, so please do not hesitate to contact Rebecca Griffin on rebecca.griffin@ewsacademy.org.uk.

Mental Health Awareness Week

On the 10-16 May students at EWS took part in Mental Health Awareness Week. At the start of the week students were introduced to how nature can help to improve mental wellbeing.

Each day we posted different activities that students could try which involved them connecting to nature. Some of these activities were: Listening to nature, bark drawings, watching nature documentaries, taking a walk and notice the different flowers and trees, Focus on the shapes and colours of the clouds, water indoor or outdoor plants and draw or paint the view from your window.

By using some of these activities research told us that there were many benefits to connecting to nature such as: Feeling happier; Feeling less stressed or angry; Having more and better quality sleep; Feeling less worried; Being more environmentally aware and engaged; Increasing self-esteem and self-confidence; Improving attention and concentration; Encouraging participation in physical activities; and Increasing social contact with other people and animals.

Well done on all of those students that took part in the activities.

Mrs Griffin
PSHE Co-ordinator

Are you a graduate and interested in a career in teaching?

**The GUTP are still recruiting for the 2021-22 course.
Applications should be submitted as soon as possible for this
recruitment cycle.**

**If you are interested in training to teach, please apply now to be
considered for a course starting this year.**

Applications can be made via
<https://www.gov.uk/apply-for-teacher-training>

Check our website for further details

www.gutp.co.uk

Please email Kate Martin with any questions:

gutprecruitment@sponne.org.uk

Earth, Moon, Sun and Space!

Our Year 7 scientists had a surprise this week...a delivery of 50 copies of "Earth, Moon, Sun and Space" books courtesy of Mrs Freund who entered our school into a competition run by CUBiC Magazines. The books are very colourful, educational and fun to read with puzzles and quizzes to stretch our ideas and knowledge about the universe. CUBiC Magazines produce very high quality educational material and we shall certainly enjoy using them in lessons and in our Lower College Library. Maybe some of our young scientists will be inspired by the books and we shall see the EWS logo on a new generation of Mars Rovers in the future! Don't forget to watch Adventures in Space and Time with Brian Cox on the BBC iPlayer over the half term to keep learning, have fun - Mrs Freund.

CUBiC
FOR CURIOUS KIDS

Twinned Tap

Almost 900 children die every day from diseases linked to dirty water and unsafe toilets

We have recently been working with an organisation called Strider IT solutions, who provide IT equipment. As a reward for working with the organisation they have twinned EWS with a tap to enable people living in some of the poorest places to access clean water.

We are proud to have been able to help out in some small way and thank Strider IT solutions for the fabulous work that they do.

One in three people lack access to safe drinking water. 144 million have to get all their water from rivers or lakes. The burden of collecting water mostly falls on women and girls who have to make long, dangerous treks every day.

Unsafe water leaves people at high risk of water-borne diarrhoeal diseases. Water scarcity, made worse by climate change, means crops fail, food supplies dwindle and people remain trapped in poverty. The daily treks for water get longer.

You can find out more here:
<https://strideritsolutions.co.uk/toilet-and-tap-twinning>.

Well it has been a long term this time but it has certainly flown by with all of the things we have been getting up to. Our amazing year 7s have been coming to the mini libraries to read, quiz and carry out their homework during break and lunch times. We chat about the books we are reading and what they would like in the library. They have been going to use the computers for Accelerated Reader once a week to quiz and we have just done our second Star Test (letters will be coming home with the test results). Every Monday on South and Wednesday on North Year 7 students can come to the mini library to complete homework. If you would like to attend please email our Librarian, Mrs Helliwell on emelia.helliwell@ewsacademy.org.uk

COMPETITION NEWS FORM WORD COUNT COMPETITION

Competitions this term have been amazing. Year 7 form groups have pitted themselves against each other in a race to win our first Form Prize of the Year. The form group with the most words read by the end of the term are the winners of a lunchtime treat.

Our winners are...

From North 7KWN with 5,520,721 words and from South 7TIY with 3,549,555 words.

Congratulations to all of our year 7's for doing an amazing job and don't worry there will be another chance to knock our current winners off of their top spots next term.

'TOP' READERS

We have also had our 'Top Reader' Competition running this term with joint winners from North Will Ritchie 7KWN and Queenie Smith 7CWT and from South Isabel Jones 7TIY. Well done to all 3 students.

STAR READERS

Let's not forget the 'Star' Readers who have been reading and quizzing on Accelerated Reader. The winners are from North Sophie Davison 7KWN and from South Ruben Caso 7UHA. Well done to both of you, keep up the great work and enjoy your prize. They are the winners of a £5.00 amazon book voucher each.

WORD MILLIONAIRES

Not only have we had our Star quizzers and the winning form competition but we have also got our first 6 Word Millionaire readers. Well done to James Offin, Matthew Swarbrick, Harry Allen, Holly Burford, Isabel Jones and Oliver Long.

HOW TO HELP YOUR SCHOOL LIBRARY

Please could all students return any library books they have outstanding as soon as possible. We have a lot of overdue books and unfortunately if they are not returned we will have to charge for replacements. If you have any questions or issue with regards to returning your overdue books please email the Librarian on emelia.helliwell@ewsacademy.org.uk

DONATIONS

If you have any books that are in good condition and you no longer have a need for but are suitable for our school please feel free to donate.

A BIT OF FUN...

Look who we have caught reading. Where do you like to read? Send us a picture of you reading to continue the displays in school.

Higher Education Information Evening

Dear Parents/ Carers of Year 12 Students,

In recent weeks we have been focussing on Post 18 options in our PSHE lessons. Students have received information from a variety of sources on the vast range of options available to them when they leave school at the end of Year 13.

A number of our students will be thinking about going to university and the applications process for entry in 2022 has already opened. To support your son/daughter with their application I would like to invite you to a virtual information evening which will take place via google meet on Tuesday 15th June from 6pm to 7pm.

The purpose of this session will be to hear about higher education, the university application process, the key dates and an overview of student finance. You will be invited to ask any questions that you may have and I will endeavour to answer them on the evening, or if necessary I will find out more information and return to you at a later date.

If you wish to attend could you please reply via the following form, <https://forms.gle/Bxjr9qDqetbUgSxh7> , I will then send you a calendar link to the event.

On the evening you will be able to click on the calendar link and it will open up a video window to allow you to join the session. You do not need to install any software to facilitate this.

If you have any questions, please do not hesitate to contact me.

Yours sincerely

Gavin Martin
Head of Sixth Form

100 HUMAN POWERED MILES: UPDATE

CONGRATULATIONS

A huge well done to the following students who chose to take on the 100 mile challenge during lockdown and the return to school. These students took on the challenge of completing and logging 100 miles in any way shape or form powered by themselves with some completing the distance in a matter of just a couple of weeks. It was great to see students being so active during difficult times. Well done and make sure you wear your wristband with pride.

Bronze (25 miles):

- Amelia Heap
- Georgia Knight
- Bethan O'May
- George Barley
- Joe Barley

Silver (50 miles):

- Matthew Brock
- Fletcher Fellows
- Isaac Hoddinot

Gold (100 miles):

- Oliver Long
- Ryan Dunkley
- James Hogg
- Holly Burford
- Sophie Davidson
- Lewis Bromley
- Josh Adams
- Luke Bishop
- Isabella Quelch
- Tom Exley
- Palmer Ward

100 HUMAN POWERED MILES: UPDATE

A parent/ carer's guide to STUDENT FINANCE

Are you the parent or partner of someone applying for student finance? Here's everything you need to know. Content provided by Student Finance England.

WHAT'S AVAILABLE?

While at university or college, your child or partner will have two main costs – tuition fees and living costs. They can apply for student finance to help with both.

All eligible students can get a:

- Tuition Fee Loan to cover the full cost of the fees charged by their university or college
- Maintenance Loan to help with living costs, such as rent and bills- The basic rate of Maintenance Loan doesn't depend on your household income, but they can apply for more that does. Any loans they borrow have to be paid back, but not until they've finished or left their course, and their income is over the repayment threshold.

There are also grants available for students who have a disability, including a long-term health condition, mental health condition, or specific learning difficulty, or students who have children or an adult dependant who depends on them financially. These don't usually have to be paid back. A student's university or college may also offer bursaries, scholarships, or other kinds of financial help – it's always worth checking with them too.

HOW DOES HOUSEHOLD INCOME AFFECT STUDENT FINANCE?

You might need to give Student Finance England information about your income if your child or partner has applied for student finance that's based on your household income.

You'll be asked for financial details for the last full tax year previous to the start of the academic year. For example, if the student is applying for the 2021/22 academic year, the tax year will be 2019/20. Student Finance England will ask for details of the previous tax year because this is the most recent full tax year at the time applications open.

Your information will be used to work out if your child or partner can get extra Maintenance Loan on top of the Tuition Fee Loan and basic Maintenance Loan. If your income in the current tax year is likely to be at least 15% lower than the previous tax year, Student Finance England can assess your household income on what you estimate your income will be.

SUPPORTING YOUR CHILD'S APPLICATION

If you're supporting your child's application, your household income is the combined income of you and:

- your child
- your spouse
- your partner

If you're married, Student Finance England will need your spouse's income even if you don't live together, or they're not the student's parent.

If you live with your partner, they'll need to tell Student Finance England about their income even if you were not living together during the tax year being asked about.

A parent/ carer's guide to STUDENT FINANCE

If you're separated or divorced, your child should tell SFE who they live with or have most contact with. If they spend an equal amount of time with both of their parents, they'll be asked to pick who will support their application.

Remember, household income is based on your circumstances at the start of the academic year. This means that if you get married or start living with your partner before the start of the academic year, Student Finance England will need their details.

Household income doesn't include any income the student might have from working themselves.

HOW TO SUPPORT A STUDENT'S APPLICATION

Once your child has applied for student finance, you'll get an email within 24 hours with a link to submit your household income details.

You'll need to create an account if you haven't got already got one. You must use your own account – you can't use the same account as your child or partner. When you register, you'll need to supply your National Insurance number and your personal income for the previous tax year. You should only give Student Finance England your details – if you live with a partner, they'll ask for their details separately.

HM Revenue & Customs (HMRC) will check that the information you've submitted matches their records. Student Finance England might ask you to send evidence if the details don't match.

You can submit an estimate of your financial details for the current tax year, if you think your household income will be at least 15% lower than the previous tax year.

Read Student Finance England's guide to find out how to do this, and to download a Current Year Income (CYI) application form. You can find this here:

<http://media.slc.co.uk/sfe/currentyearincome/index.html>

You should send Student Finance England copies of any financial documents they ask for – they'll destroy these securely once they've checked them.

WHEN?

It takes at least six weeks to process applications, so it's important you send any evidence Student Finance England needs as soon as possible, so your child gets any extra money in time for the start of their course.

ART PORTFOLIO

Some wonderful examples of pencil drawings by Year 8
Portraits and African masks inspired by Picasso.

Year 10 Drawing Masterclass run on a Monday after school on North site.

Students have been working on some large 1.5x1.5 metre drawings of shiny bows.

Fabulous work by

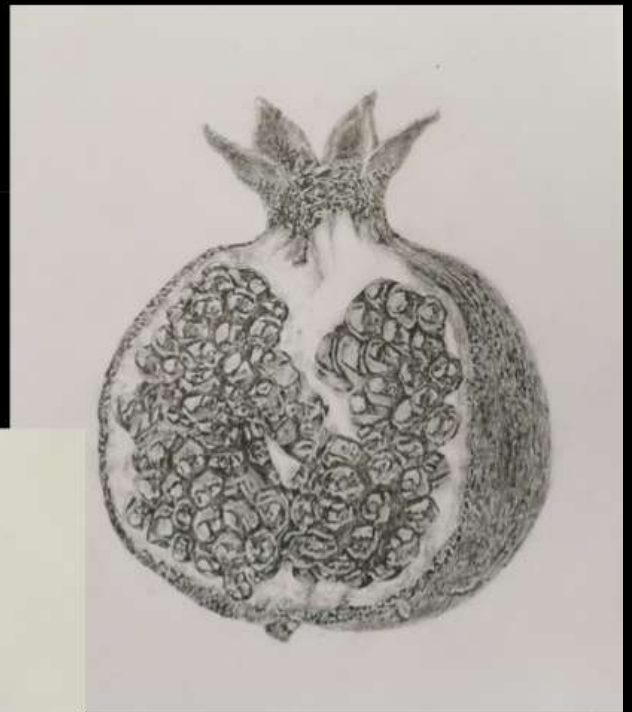

- Lottie Turton
- Jayden Nayala
- Isabella Perez- Hurdle
- Millie Worsdale

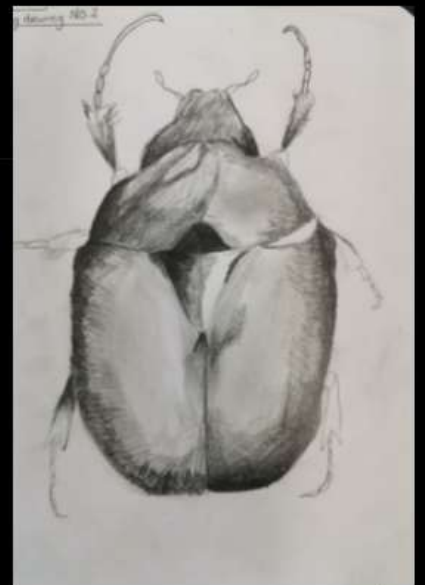

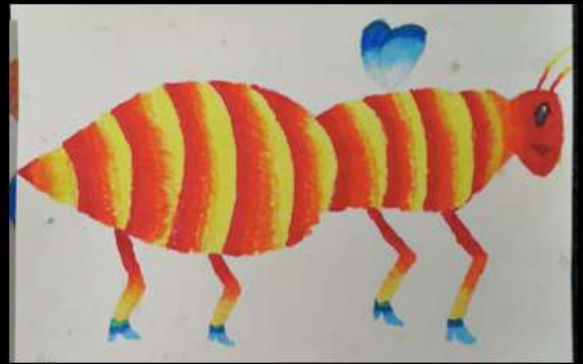

Year 10 have started a new unit of work based on the theme 'Structures'

They have made their own concertina sketchbooks and have filled their books with initial drawings in response to the theme.

NORTH SITE CLUSTER - PRIMARY SPORTS UPDATE

VIRTUAL SCHOOL GAMES

As you may have seen in the last newsletter, Northamptonshire Sport ran a virtual school games competition from January to March, finishing in the final week before the Easter holidays. Each week the challenges were based around a different sport with points being awarded for participation to keep young people active during these challenging times. Here at EWS this was made into a cluster competition so every week the schools are ranked as if they were in a tournament, gaining points towards becoming the cluster virtual school games champions. We were one of the most engaged clusters in the county with these challenges, with the individual schools keen to beat their local rivals each week. The winners and runners up in each set of sporting challenges were as follows:

Sport	Winners	Runners up
Football	Hackleton	Blisworth
Sports Hall Athletics	Hartwell	Hackleton
Boccia	Hackleton	Hartwell
CV Fitness	Hackleton	Road
Tennis	Hackleton	Road
Netball	Hackleton	Road
Orienteering	Road	Ashton
New Age Curling	Road	Hackleton
Dodgeball	Hackleton	Hartwell

In the cluster the final results were as follows;

1st Hackleton 76 points

2nd Road 56 points

3rd Hartwell 44 points

4th (joint) Ashton & Blisworth 32 points

As points were gained for the number of students who participated in each challenge, I also ran a competition that took into account school size so that all schools had a fair chance of winning. The top 3 results of the participation relative to school size competition were as follows:

1st place Ashton (10.3 participations per pupil)

2nd place Hackleton (8.0 participations per pupil)

3rd place Road (5.4 participations per pupil)

Well done to all of these Primary schools for engaging so well in the activities week after week.

VIRTUAL SPORTS HALL ATHLETICS COMPETITIONS

As our annual Year 5/6 sports hall athletics competition took place virtually for the first time and was opened out to a much wider range of year groups with students from years 1 - 6 participating, some in their first ever inter-school competition.

The results are as follows;

Year 1 / 2

1st place Hartwell

Year 3 / 4

1st place Hartwell

2nd place Blisworth

3rd place Road

Year 5 / 6

1st Blisworth

2nd Hartwell

I am pleased that schools were able to engage in the virtual competition so well but hopefully next years event will be back in the EWS sports hall again!

NORTH SITE CLUSTER - PRIMARY SPORTS UPDATE

On 13th May we were delighted to welcome all 6 of our cluster Primary schools back to EWS for our first face-to-face festival in a long time. Between them the 6 schools brought along 28 pupils, many of whom had been practising their Boccia skills with a variety of challenges, either in school or at home over the last few months.

Schools played some competitive matches against each other and also had a go at some different skills challenges where they could score bonus points. The Primary schools all tried really hard, worked well in their teams and had lots of fun.

Overall the top three finishers were as follows;

1st place - Roade

2nd place - Blisworth

3rd place - Hartwell

Thank you very much to the following leaders; Leila Cousins, Alexi Gonsalves, Kara Milne, Layla Parriss, Chloe Ruse, Will Ward and Millie Worsdale, who gave up some of their time after school to receive training on how to run the event and then were fantastic in helping run the festival on the day. For many of these students it was their first time leading primary pupils which was a fantastic experience for them and I look forward to hopefully working with them again soon.

It was so enjoyable to have Primary schools back on site and competing in sporting activities once again, and I know they enjoyed being here as much as we enjoyed having them.

Mrs C.Tuplin

North v South Netball & Football - April 26th

After a long period of no fixtures, we were given the go ahead to start competing again. North Campus travelled to South Campus on April 26th with Year 7 & 8 students to play some long awaited Netball and Football Fixtures.

The netball was a closely fought contest with Y7N v Y7S and Y8N v Y9S. North secured the win for the Y7 game and South for the Y8/9 match.

The football was equally as competitive with North Y8's securing the win over South Y8's and South Y7's defeating North Y7's. A 2-2 end of matches results.

Students from both Campus showed excellent sportsmanlike conduct and played really well despite the long break from fixtures.

We are eagerly planning our next series of fixtures. Well done to all students who took part.

T Cotter
Head of PE

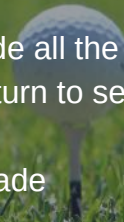

Huge Congratulations to Jade Potter in Year 11

Jade is a very successful golfer with a handicap of 5 who has recently secured her place in the Scottish Womens Golf Amatuer Event.

Jade will travel up to Scotland for this European ranking event in June. Her first tee off is on June 4th at 7:10am.

We wish Jade all the very best in the competition and eagerly await her return to see how she has done.

Well done Jade
T Cotter
Head of PE

On Tuesday 25th May our Year 7,8,9,& 10's competed in another round of competitive matches. The year 9/10 football demonstrated excellent sportsmanship and flair which results in a superb win for South 9-0. The boys had a wonderful evening, despite the North result, doing what they love - competing.

The Y7 and 8/9 Girls took part in some tightly fought rounders fixtures with North edging the win by half a rounder in the Year 7 match and a draw in the Y8/9 match.

All teams worked hard during the fixture and were a credit to EWS North and South.

Well done all.

North v South Netball & Football - Round 2

PE STUDENT OF THE TERM

Congratulations to our students of the term

EWS Interform Week

From the 24-30th of May EWS North & South supported the National School Football Week, by running interform football competitions for year 7-10 during lunchtime. Students faced off against the other forms in their year to see which form can be crowned champions in their respective year group.

Year 7 - 25th May
Year 8 - 26th May
Year 9 - 27th May
Year 10 - 28th May

INTERFORM WINNERS:

Year 7 North: 7MJY
Year 7 South: 7HCR
Year 8 North: 8SCA
Year 8 South: 8FLT
Year 9 North: TBA 28th May
Year 9 South: TBA 28th May
Year 10 North: TBA 28th May
Year 10 South: TBA 28th May

Results due on 28th May will be released on the school's Social Media once played

The very best of luck to Thea!

Thea Oakey - Year 10 - is representing Northampton Athletics Club on Saturday 29th May at Stantonbury Campus Milton Keynes. She will be competing in the 800m at 12:45pm and the relay at 3:30pm.

We wish her all the very best for this competition

T Cotter
Head of PE
